**13 linux session**

# About Linux Session
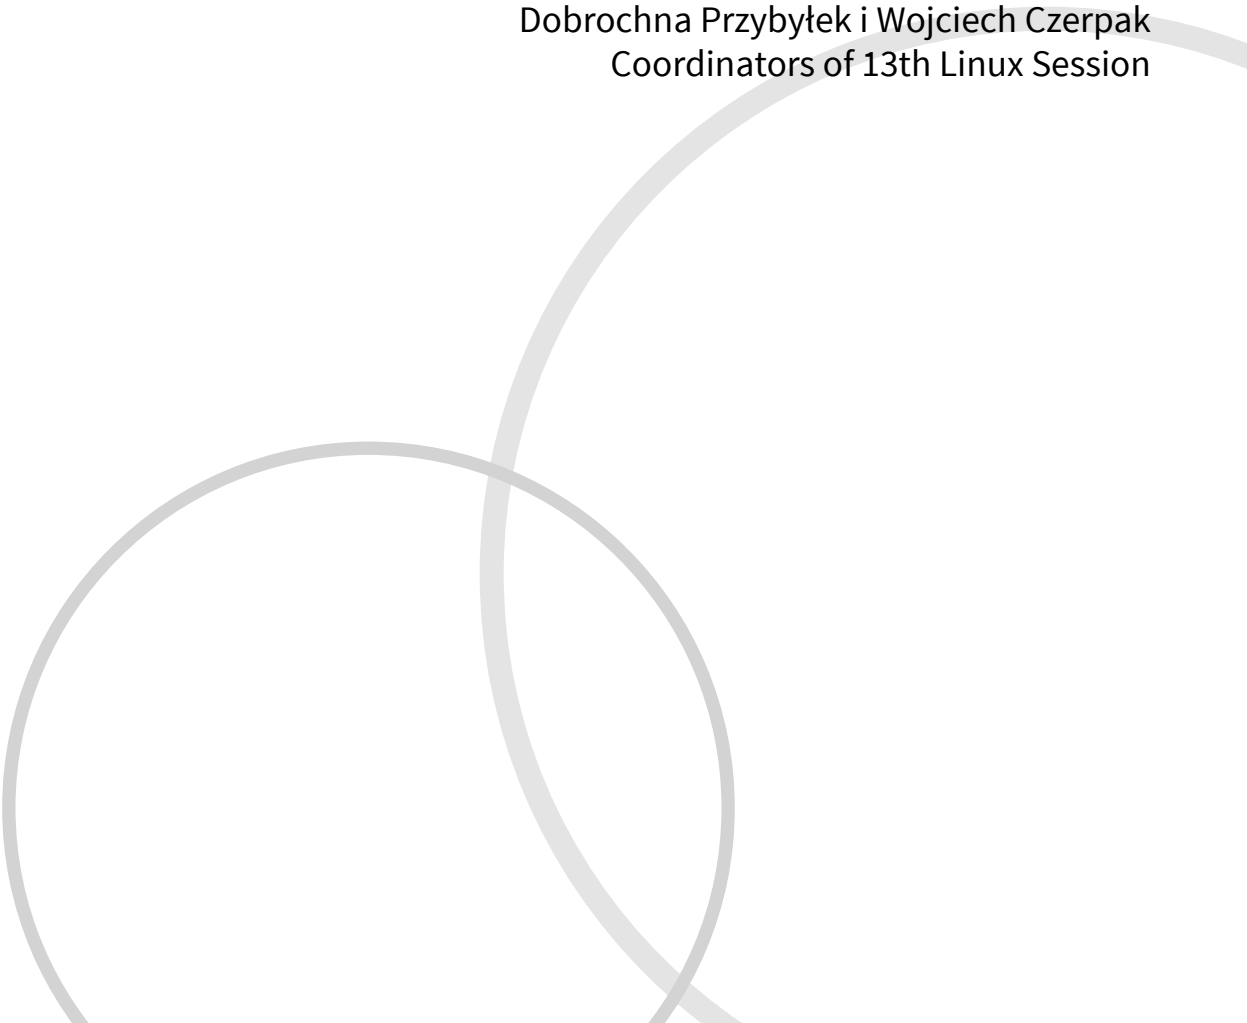

Linux Session is a two-day conference devoted to open source solutions. Speakers from all over the world visit us anually to share their knowledge and experiences.

We have the opportunity to host Linux Session for the thirteenth time. Years of experiences taught us how to attract a wider audience. We do know that open source software is becoming increasingly popular and we would like to contribute to it's growth.

We target experts, people passionate about open source and students. Last year our audience numbered nearly 400.

Your cooperation is important to us and we will strive to make it both plesureable and successful.

Best regards,
Dobrochna Przybyłek i Wojciech Czerpak
Coordinators of 13th Linux Session

# 12th Linux Sessoin

2 days

20 hours of talks
